

## Project Week 2019

Project week is just around the corner and will be an exciting journey of learning and exploration. We have three residential visits, day trips and many activities happening in school to take learning deeper than just the classroom.

On the Monday, Tuesday and Wednesday much of the car park will be coned off to allow the coaches we have to park and load safely. This is going to make the car park very busy and if possible, it would be helpful if you could park outside of the school grounds and walk over.

The whole week is non-school uniform for all pupils, with the exception of those year 5's travelling to Portsmouth on Monday and Tuesday.

We will keep the website up to date with what is going on each day and also post estimated arrival times for returning trips where it differs from the times below.

### In School Project Week – World Voices

In School Project Week is an excellent opportunity to explore some themes in greater detail with a particular focus. This year the theme is 'World Voices' where students will explore their place in the world, find out about countries and cultures from around the world and celebrate our differences within our school community and the wider world community too. We have many exciting activities planned: African Drumming with Cheik, Japanese Drums, Jamaican Steel Pans, Zumba, cooking and tasting food from around the world, Healthy Eating, Ready Steady Cook, African clay mask making, Holiday Spanish, Drama, researching a country, and a visit from a London based French Theatre Group! It is going to be a really fun, varied week!

### Year 5 – Maritime Week

Year 5 have an exciting maritime themed week, starting with a trip to the Portsmouth Historic Dockyards. After visiting HMS Warrior and taking part in a number of activities in Portsmouth, they will return to FMS to explore this theme of maritime transport, from knot tying to why boats float.

**Don't forget, Friday is pirate day so come dressed up if you can!**
